## Hatch Boilerplate

Hatch is a national charity that supports underrepresented entrepreneurs from across the UK to imagine, launch, and grow businesses that are sustainable, successful, and have a positive and lasting impact on their communities.

We're committed to building a fairer society by helping develop entrepreneurs' skills, knowledge, and confidence through our unique programmes designed by entrepreneurs for entrepreneurs, and our sustainable, compassionate financial support offering.

We're a charity with a strong business mindset. Since 2013, we've supported more than 9,000 UK entrepreneurs to flourish, building a vibrant network of partners, funders, and investors who share our vision in the process.

# The Need

- The founders that we serve, including women and marginalised genders, founders from ethnic minorities, and Disabled founders, face **substantial** and very different **barriers** when starting and growing a business in the UK.
- Only **1% of UK venture capital** goes to businesses with **all-female teams**, while **only 54% of applications** from **women-owned SMEs** in 2020 were successful versus **73% from men**.
- Nearly **50% of Asian and Other Ethnic Minority**, and **58% of Indian aspiring entrepreneurs** appear to have stopped developing their business idea because of difficulties getting finance compared with **only 25% White British**.

# Our Impact

- Graduates of our programmes felt far more able to **access the funding** they need after completing the programme, reporting a significant **increase of 123%** in this area.
- Founders said they felt a lot more able to **measure** and **communicate** the **impact of their business**, **up 92%** and **73%** respectively.
- Knowing how to access to the right expertise and opportunities to support the continued growth of their organisation also saw considerable growth, **up by 63%**.
